

GNB-CPR SG22	Cables Sector Group Of Notified Bodies for the Construction Products Regulation 305/2011	NB-CPR/SG22-24-085 2024-03-14 DRAFT minutes
-----------------------------------	---	---

Minutes of the 11th meeting (remote) of SG22 held on 2024-03-14

PRESENT

Chair: Yannick Le Tallec - Efectis France - (Yannick.letallec@efectis.com)

1. Welcome and introduction

The chair welcomed all participants. Presentation was done of the participants since there was some new participants in the meeting.

If participants need to prove their participation to the meeting, the extract of the list of participants with their name can be provided by the chair and/or the secretary of the group on demand.

31 participants representing 18 NB, 5 observers (manufacturers organization and TC liaison) and the TechSec.

2. Approval of the draft Agenda

Agenda was approved with some AoB see below in the agenda.

3. Approval of the minutes of the last SG22 meeting

Minutes of last meeting were approved (NB-CPR/SG22-23-078) without any comments.

4. Q&A base and new draft documents

4.1. Need for revision (waiting for progress and to finalize)

Document	Next step	Responsible of action
NB-CPR-SG22/21-038rev2	Agreement on final version at the meeting and document will be sent to TechSec for approval by the advisory group.	SG22 Chair and secretary
NB-CPR-SG22/21-039rev3 GNB-CPR-SG22/22-055 Relevant items from Q&A	New discussion on those documents. ECBL provided during the meeting their document on changes done in process or product and impact on declared performance. A task group is created to prepare a draft PP for discussion on next meeting. The proposal should take in account all items related to modification on production process and/or changes of materials in CE-marked cables.	Task group: ECBL, TC20/WG10, RISE, Efectis

4.2. Related to new version of related standards: Q&A and PP to be reconsider

No revision in documents used for CE-mark of cables.

4.3. Item from the guidance base to reconsider

28 approved items are available on the Guidance base and there are confirmed. See also 4.1 above.

4.4. New Q&A

Document	Next step	Responsible of action
GNB-CPR_SG22-24-079	IMQ revise the document based on discussion and consider the last question from document GNB-CPR_SG22-24-081. Revised document will be circulated inside SG22 for two weeks for comments. Without comments it will be sent to TechSec.	IMQ NB 0051
GNB-CPR_SG22-24-080	IMQ revise the document based on discussion. Revised document will be circulated inside SG22 for two weeks for comments. Without comments it will be sent to TechSec.	IMQ NB 0051
GNB-CPR_SG22-24-081	Modified during the meeting. In absent of ITB NB 1488 it was decided to send them the revised document for confirmation before progressing further. Last question was transferred to document GNB-CPR_SG22-24-079.	SG22 Chair and secretary
GNB-CPR_SG22-24-084	The definition of armoured cables (EN 50576) was discussed: Singel core and multi core armoured cables could be considered as same family. The work in CEMAC project should be checked. Proposed Q&A needs to be reconsidered. For discussion on next meeting.	IMQ NB 0051 RISE NB 0402

5. Round Robin (EXAP – theoretical RR)

22 registrations have been received and preparation of the round robin has started again. Confirmation and invoices will be sent to the participants within two weeks. Document will be sent to the participant in May. The document GNB-CPR 20/836 will be considered for this RR.

6. Revision of EN 50399 – NB impact evaluation

No further comments received. The point will be taken out of the agenda for next meeting.

7. CPR Matters

The TechSec presented the progress of the work of AG-GNB and on the revision on CPR.

Presentation will be only available, on request to secretary and chair of SG22, for participants to the 11th meeting and shall not be distributed further.

8. Information from TC127/WG7

EN 13501-6 no additional work at present.

EN 13501-3 was voted positive, and comments will be analyzed at next meeting.

New convenor has been elected.

9. Liaison with TC20/WG10

Summary of the work on progress was presented.

There is no specific point for consideration by SG22.

10. Information from CLC TCs

TC 86A TC46 Nothing to report.

11. Any other Business

- GNB-CPR-SG22/22-054 have to be sent to TechSec for evaluation and approval by AG GNB
- Conditions for audit testing after suspension was discussed ECBL will provide manufactures comments for consideration on next meeting.
- Corning cable for EN 50399 are not easily available on the market. ECBL informed on ongoing discussion and will provide additional information on next meeting.

- Question was raised on information to be specified in the test report in relation to EN 50399. (Temperature inside the test rig before start of test) No further action was requested.

This was the last meeting for Friedrich Müller (ECBL) all participants expressed their thanks for his involvement in the work of SG22 and wish him all the best for the futur.

12. Date and place of the next meetings of SG22 – Cables

One day meeting on 9:00 am – 3:30 to be held face to face on 29 of October 2024 in Italy at NB 0987 premises.

All NBs for EN 50575 according to NANDO
